In the Matter of the Boundaries

JUDGMENT.

An application to decide and certify the Boundaries of the Land
of Anahola District of Koolau Island of
Kauai having been filed with me on the 14 day of July
1873 by Geo. O. Dennis Crown Commissioner
and Land agent

in accordance with the provisions of an Act to facilitate the settlement of Boundaries, &c., approved on the 22d day of June, A. D. 1868; now, therefore, having duly received and heard all the testimony offered in reference to the said boundaries and having gone on the said land, at the request of
W. S. Wilson acting for Geo. O. Dennis
and having endeavored otherwise to obtain all information possible to enable me to arrive at a just decision, which will more fully appear by reference to the records of this matter by me kept in Book No. 1, page 94, and it appearing to my satisfaction that the true, lawful and equitable boundaries, are as follows, viz:

Commencing in the West corner
of this land on the sea shore at a stony
place where there was formerly a place of
worship called Kuachu and thence up towards
mountain to a resting place on the plains
called Akole thence to a ridge in face of
hill Kaahakolekole thence following up
ridge to top of hill Ripoo thence to a
point on hill called Kauweraumakua
thence up ridge to Pulu, thence up ridge

formerly crossed from Kealia to Kilauea
called Keaioa thence to high peaks,

Boundary running over the two highest,
Namahana thence to Kolemukau or Kaw
muku thence to deep gulch or gorge in
Eli'ililoa by Kaieanabakuumu where Ana-
hala joins with Kamalamalo Kealia and
Kakihawai. The Eastern Boundary then
commences and runs down along side of
Kamalamalo through wood to a place called
Kuakini and thence round on small ridge
to mark this + at Puawa and thence
through wood to a large open plain or
flat Kalehuakamali thence continuing
through open plain or flat to Peehawaapuu
thence to Kamakaua thence to a large
basin or pond called Mamakaua one
half of which belongs to Anahola and one
half to Kamalamalo, and thence to an old
settlement of houses called Kalukawele
thence to a small hollow where road crosses
called Pohopohoiki thence to Apuhu a
lot of stones near Nanihu (which latter place
is in Kamalamalo) thence to a clump
of stones or rocks called Kalioa thence
to Papalou an opening in the reef, the
opening in the reef belongs to Kamalamalo

It is therefore adjudged and I do
hereby decide and certify that the boundaries
